CAD INCIDENT DISPOSITION CODE: [76-0] [A] [3] []

I stopped a Lakeland Police Department K9 Police Tahoe on Hwy 98 at Santa Rosa Blvd for multiple infractions. I later arrested Chad Allen Landry for DUI and transported him to Booking for processing. Landry later refused to give a breath test. My body worn camera footage will be uploaded to Evidence.com.

See the supplemental report for further information in this case.

11/2/2019 08:16 SUPPLEMENT BURNHAM, JAMES D 138 BURNHAJ 11/2/2019 11:46
Status: APPROVED FINDLEY, BRANDEN J 11/2/2019 11:47

On November 2, 2019, at approximately 5:22am, I was traveling eastbound on Hwy 98 west of Beal Pkwy, when I observed a Lakeland Police K9 Tahoe Unit conduct a uncontrolled u-turn on Hwy 98. The vehicle was originally traveling westbound on Hwy 98 and conducted the u-turn to travel eastbound. The u-turn was conducted in front of oncoming traffic and at a high rate of speed. As the vehicle traveled eastbound, I observed the vehicle swerve multiple times from left to right and over the inner lane divider line.

The vehicle continued swerving and I activated my body worn camera to record the driving pattern. I paced the vehicle at 43 mph in a 25 mph zone. I observed the vehicle swerve towards the right side or outer lanes two times as it was passing other cars. The vehicle changed to the outer lane and stopped for the red light at Perry Ave. The red light at Perry Ave turned green; however, the vehicle did not accelerate for nine seconds, at which time the vehicle took off at a high rate of speed. This area is still within the 25 mph speed zone. The vehicle continued to swerve and almost struck the raised concrete curb multiple times. I activated my lights and siren and the vehicle stopped partially in the outer eastbound lane blocking the entrance to Tropical Waves T Shirt Shop on Okaloosa Island.

I made contact with the driver who was identified as, Police Officer Chad A. Landry by his Lakeland Police Department Identification Card. Landry did not have his Florida driver's license with him. Landry was wearing a t-shirt, shorts and a ball cap. Landry appeared dazed, his speech was mumbled and slurred. Landry's eyes were bloodshot, watery, and glassy. I asked him where he was going and he stated he was leaving his hotel. I was previously aware the K-9 teams were staying at The Island, which was the direction he was traveling to, not from. I asked Landry if everything was ok or if he was sleepy. Landry stated he was fine. I asked Landry if he had been drinking and he stated no. I asked Landry to step to the rear of his truck after I de-activated my front flashing lights.

I observed Landry staggering and he swayed when standing. Landry had a very strong odor of an alcoholic beverage on his breath and I asked him if I could look at his eyes. Landry consented for me to check his eyes. Before performing the task I asked him if he had anything wrong with his eyes, wore contacts or glasses, and/or took any medications. Landry stated he did not and after the task was completed I asked him if he had anything wrong with his arms, legs, or back. Landry stated he did not. I asked Landry if he would continue with additional tasks, which he stated he would.

I had Landry perform a total of 4 tasks, I asked him if there was a scale from 0-10 with 0 being sober and 10 being falling down drunk where would he place himself. Landry stated he would place himself at a one. I advised Landry I believed he was at about a seven and a half. The FST's are recorded on the FST sheet with the DUI Report and are as follows:

1. HGN; Lack of smooth pursuit both eyes, HGN at maximum deviation both eyes, onset of HGN prior to 45 degrees both eyes and swayed.
2. ONE LEG STAND: Swayed, didn't count, dropped foot during task, fell over at 30 second mark, argued that I didn't tell him to count out loud.

3. WALK AND TURN TASK: Off line during instructions once, swayed, off on walk x 2 1st walk, didn't count, 11 steps 1st walk, improper turn, off line on turn, off line x 2 2nd walk. Argued the point when asked why he didn't count that he did count.

4. Romberg: Swayed, A-Y,U-Z. Incorrect.

I notified Sgt. Branden Findley and requested him to be en-route at the beginning of the incident due to the nature of the case. Corporal Curtis Daniels arrived on scene and stated he believed he saw this truck or a Lakeland PD vehicle at, Ratchet Hatchet Bar sometime last night. Corporal Daniels and Corporal Tyler Williamson responded to The Island Resort to notify Lakeland supervision of the arrest and arrange for the pickup of Landry's patrol vehicle. Lakeland Sergeant Aaron Peterman responded and took custody of Landry's vehicle. Sgt. Peterman was identified and Landry's first line supervisor and stated he would make further notifications to the Lakeland Police Department.

I transported, Landry to booking for processing. Landry declined to use the restroom or get a drink of water before entering the intoxilyzer room. I activated the intoxilyzer room camera and my body worn camera to record the actions inside the intoxilyzer room. I checked his mouth, began my observation, and read him Implied Consent for a breath test. Landry stated he wouldn't take the test and after the wait he was asked again. Landry again refused. I read him his Miranda Rights and he refused to answer questions at that time. Landry was issued a DUI Refusal Citation.

CASE STATUS: CLOSED BY ARREST.
